

## Nick's Cigar World September Specials

September 2007

Volume 1, Number 2

### Cigar Pick of the Month

Carlos Torano Casa Torano

This is my favorite Torano cigar. It is good any time of the day, especially on the golf course for those that want to relax and shoot low scores. Smooth, shiny and light brown Connecticut wrapper with Honduras, Nicaragua and a family blend of Central & South American Tobaccos. This cigar has balanced nutty flavors with a note of leather. Its strength comes as it warms up.

### Tip of Month

#### Keeping Cigars Fresh

The biggest mistake we see from customers trying to keep cigars fresh is storing them in the refrigerator. Everyone knows that if you leave a piece of cheese in the fridge unwrapped, it dries out. Same concept is happening to your cigars. If you don't have a humidor or a humi-pak to keep them fresh try a dry beer/soda cooler and keep it air tight. Of course we always recommend that us use some type of humidification device.

### News and Notes at Nick's...

#### SCHIP BILL

We thought we would update everyone on the SCHIP bill that is trying to be passed increasing cigar tax to from \$1.00-\$10.00. This is from our parent organization on where we stand with premium cigars. Congress is in recess, at which we expect tremendous action on this tax proposal, for there the process is far from the end. Upon reconvening from recess, selected members from the House and Senate will come together to negotiate their respective differences in the proposed legislation. Once a final compromise is reached, the revised legislation will then go to both chambers for a vote. If approved, it will go to President Bush's desk for potential veto (as he has vowed) or signature. Now is a good time to voice your concerns to your senators and congressman who are now in Washington D.C.

#### ADOPT A PLATOON

Thanks to your help we have set a record of 9,000 cigars sent to our men and women fighting over seas. Thank you to those who donated, we couldn't have done it with out you. If you have a relative or friend fighting abroad let us know their address and we will ship some out to them.

#### Los Blancos Maduro:

A premium Habana 2000 wrapper from Esteli, Nicaragua, and allows it to age through the traditional and time honored Cuban process. The result is this beautiful maduro cigar that has all the elements and taste of a great Maduro without the heavy smoke of a full-bodied cigar. Habana 2000...simply exquisite!

#### Los Blancos Connecticut:

The seeds are from U.S. Connecticut Shade plants that have been relocated and carefully nurtured to maturity. We join this delicate wrapper with our best Nicaraguan tobacco to create cigars that are second to none. The discerning smoker will find these mild to medium-bodied cigars rich in flavor with sweet aromas. Complexity through simplicity.
