Cigar Pick of the Month

Perdomo Reserve Limited Golf

It's golf season here in Myrtle Beach and we are recommending one of the best cigars Perdomo has created. It features a silky, 5 year aged, dark Ecuadorian Connecticut-shade grown wrapper and rich, complex Nicaraguan fillers.

Tip of Month

Lighting Cigars With Cedar

Instead of throwing away the cedar inserts that come in your boxes, break off a piece and use it to light your cigar. It will help bring out the aroma and flavor.

Cigar Quote of the Month

"Eating and sleeping are the only activities that should be allowed to interrupt a man's enjoyment of his cigar." – MARK TWAIN

SHIP BILL UPDATE:

September 26, 2007- In a 265-159 vote, which falls short of the two-thirds majority required to override a promised veto by President George Bush, the US House of Representatives on September 25th passed a bill to expand the State Children's Health Insurance Program (SCHIP) by \$35 billion over five years funded by increases in the Federal excise tax on cigarettes by 61 cents per pack (to \$1 per pack) and on other tobacco products by comparable amounts. Forty-five Republicans voted for the bill, but many of their colleagues voted against the expansion, siding with President Bush, who criticized the bill for its cost, its reliance on a tobacco tax increase and its potential for replacing private insurance with a taxpayer-funded program. To overturn a veto, both chambers of Congress must produce two-thirds majorities. Although the Senate is expected to shortly pass the SCHIP expansion plan by a large margin, a Senate override bid would be meaningless if the House does not have enough votes for an override. The 159 House votes against the bill is believed to be enough of a cushion for President Bush to sustain his veto, since few representatives are likely to switch positions. Enacted in 1997, SCHIP provides coverage for 6.6 million uninsured children from families with incomes too high to qualify for Medicaid but not high enough to pay for private coverage. The proposed expansion would increase coverage by 4 million children. Since SCHIP is set to expire on September 30th, congressional Democrats are planning for a temporary expansion of the current program.
